

Information Bulletin

EMERGENCY COMMUNICATION

June 2024

- Northern Municipal Services does not provide internet services to residents in northern settlements, resort subdivisions or unorganized areas of the District, the northern municipality.
- Northern Municipal Services provides emergency communication services in northern settlements.
- Service slows down when the use of online media and entertainment increases and users stream or download large amounts of data.
- Emergency communication services become unavailable if the monthly data usage limit is reached.
- To maintain emergency communications, it is necessary to limit the access to streaming media, social media and video streaming sites effective immediately.
- Residents may consider exploring internet service provider options for their own private use.
